

# Welcome to

At the beginning of the game, you first create a new character,

The following classes are available at the time of creation

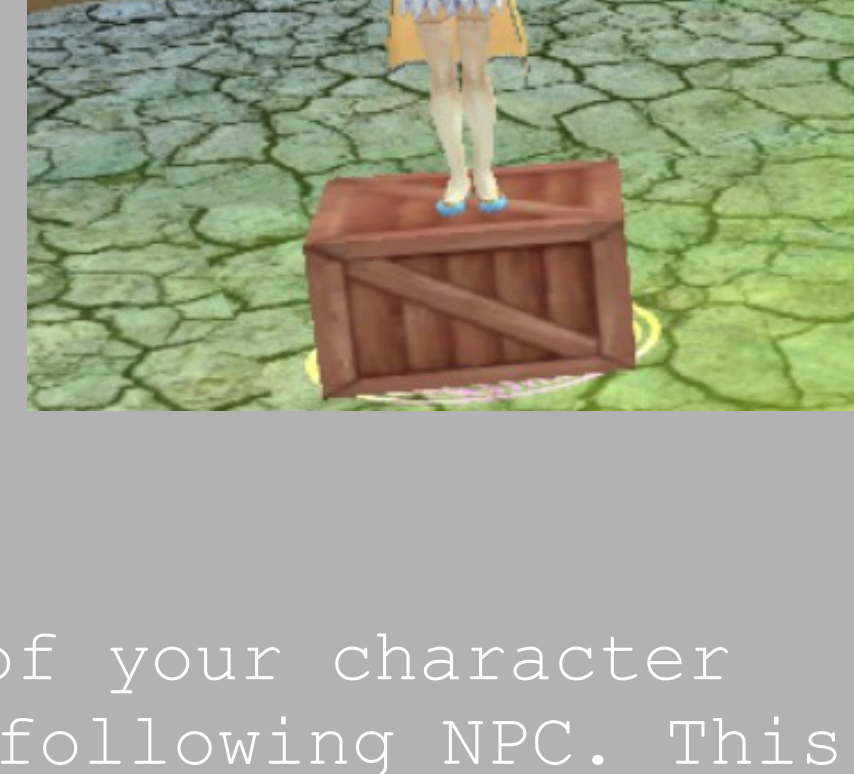

The class Crusader can only be created if you have at least one character on LV 60

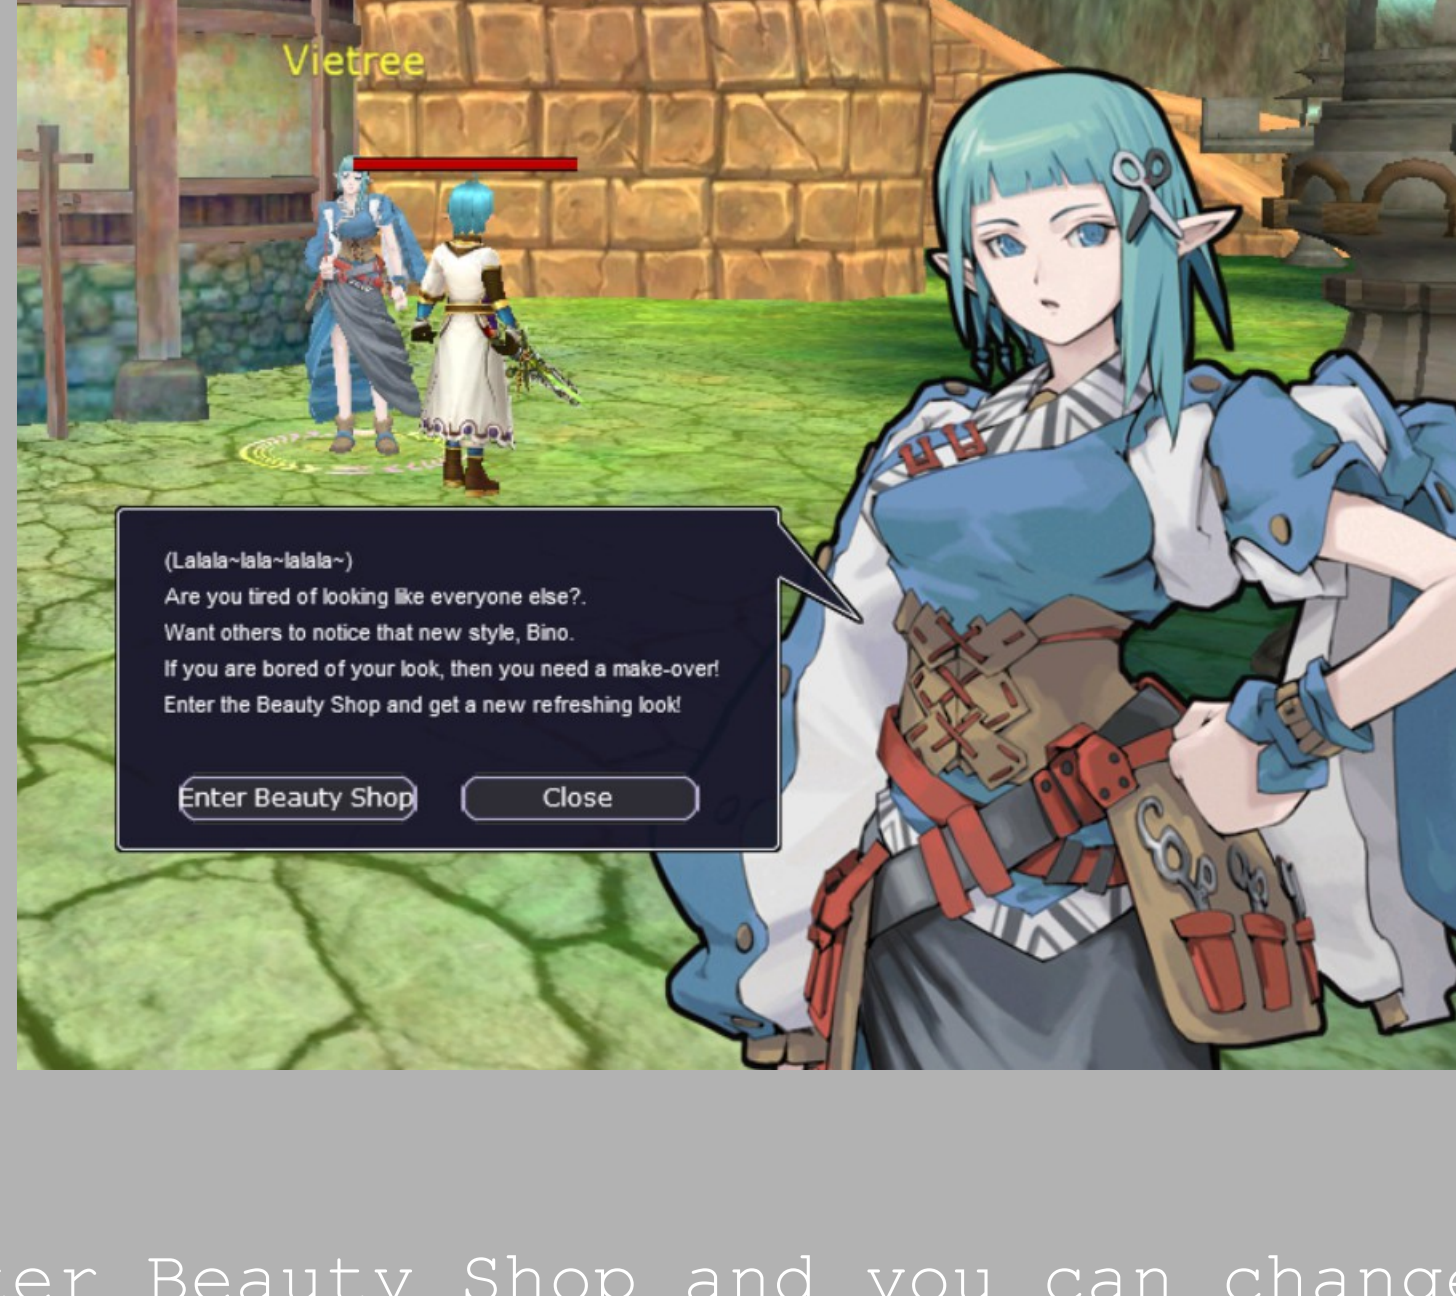

Of course you can use all others immediately. However, a maximum of only 6 characters can be created. So consider this at the beginning of the game.

Of course there is also the option to delete the character!

When you first log into the game, a dialog box opens starting with your 100s UpQuest right at the beginning can do. If you should close this dialogue just speak the NPC (see picture).

Except for the class Crusader, you're just talking to the NPC (see picture). After doing this you can change the look of your character still customize, you just have to go to the following NPC. This takes place in Roumen

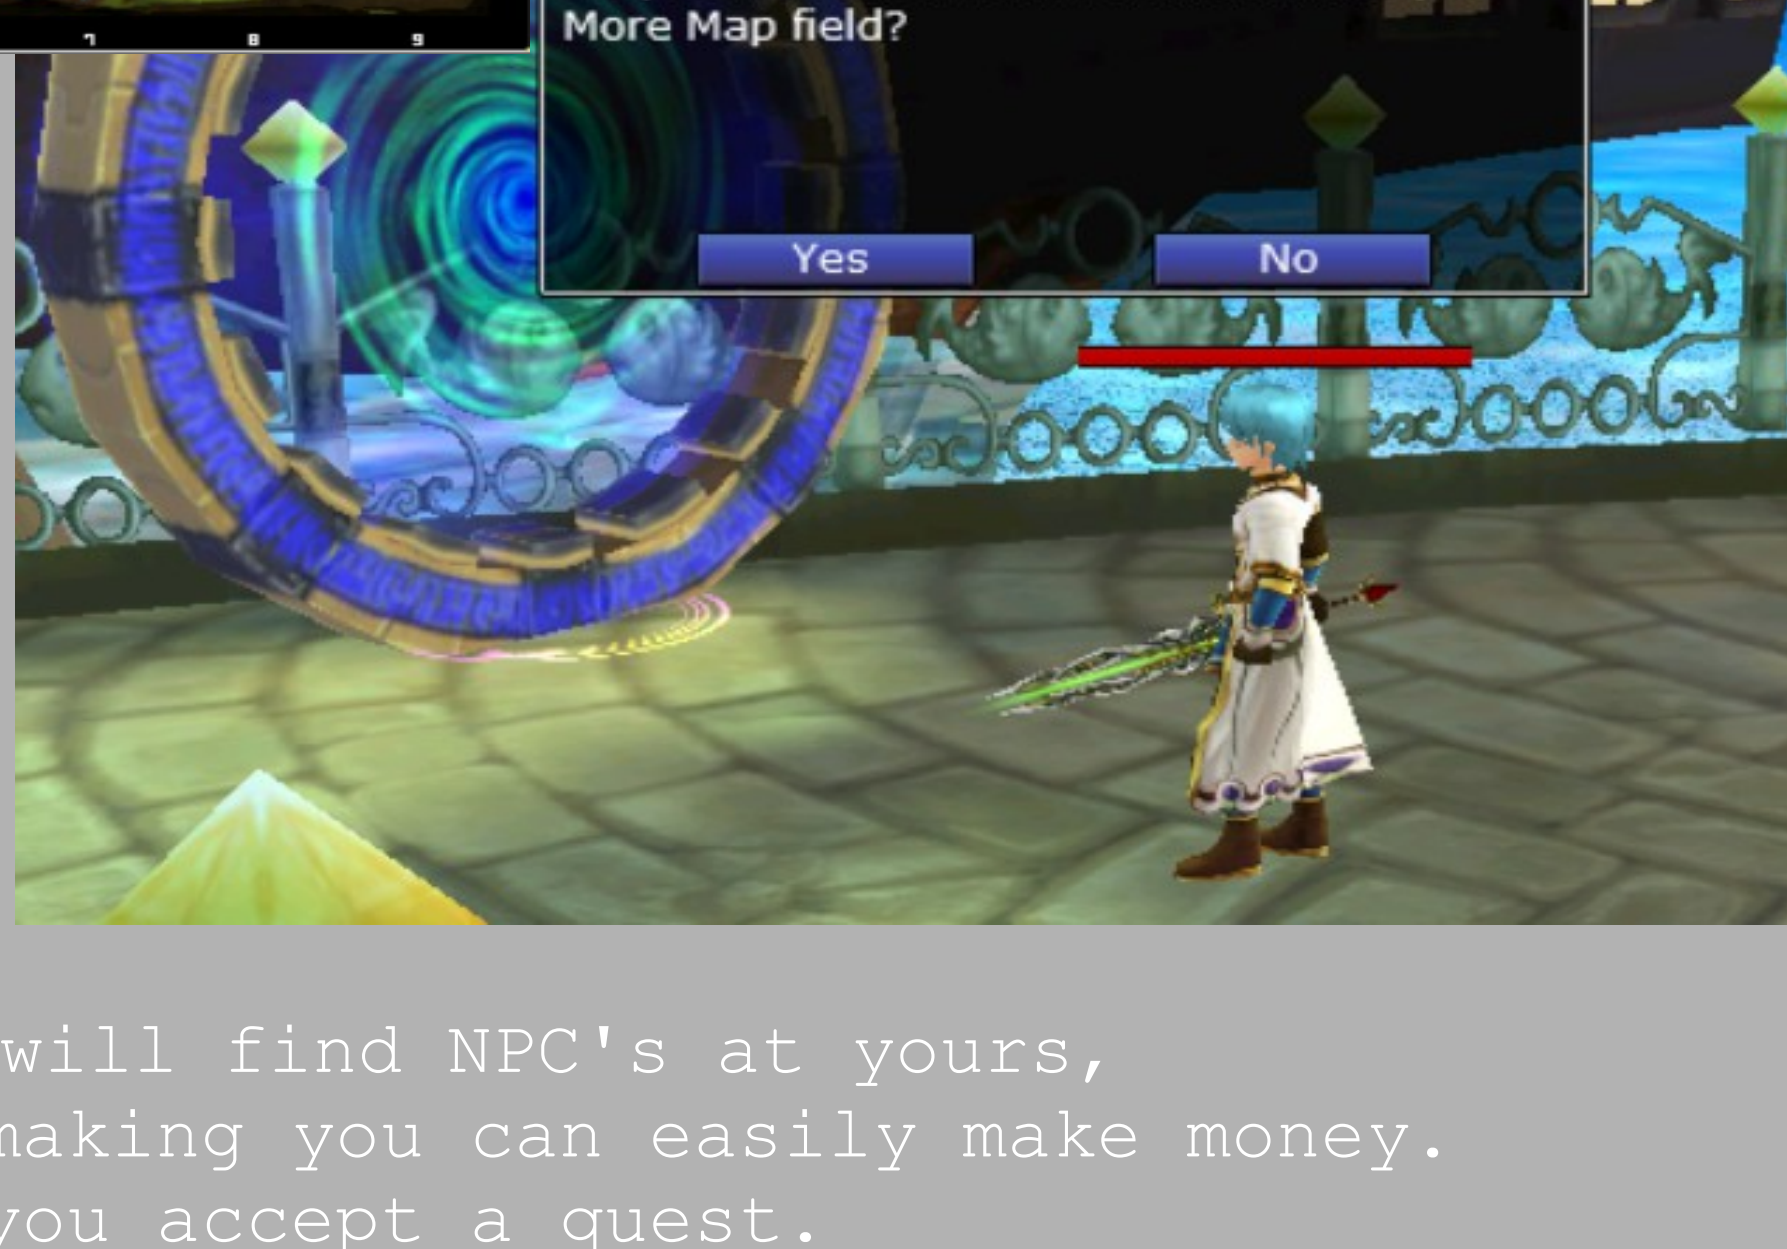

Just click on Enter Beauty Shop and you can change the look of your character. (Hair / hair color / face)

## MAKE MONEY or FAME

Many of you know this very well, At the beginning of the game, there is always a lack of money, but that's not a problem either you go hunting and kill monsters.

Or you use the following portal,

There you will find NPC's at yours, with the help of making you can easily make money. Or you accept a quest.

Fame quests can also be found on this map

Have fun making and questing !!
